Remembering

A large, dense collage of black and white photographs of African American students and faculty members, arranged in a layered, overlapping fashion. The images depict various individuals in different settings, including classrooms, sports, and casual moments. The collage is set against a light background with the word "Remembering" in the top left corner.

What do you mean run faster?

Hurry before the cops come!

Please don't make me jump the net.

Let's stop, I'm gettin' dizzy!

No, I'm not cheating!

When is the bell gonna ring?

All out of breath.

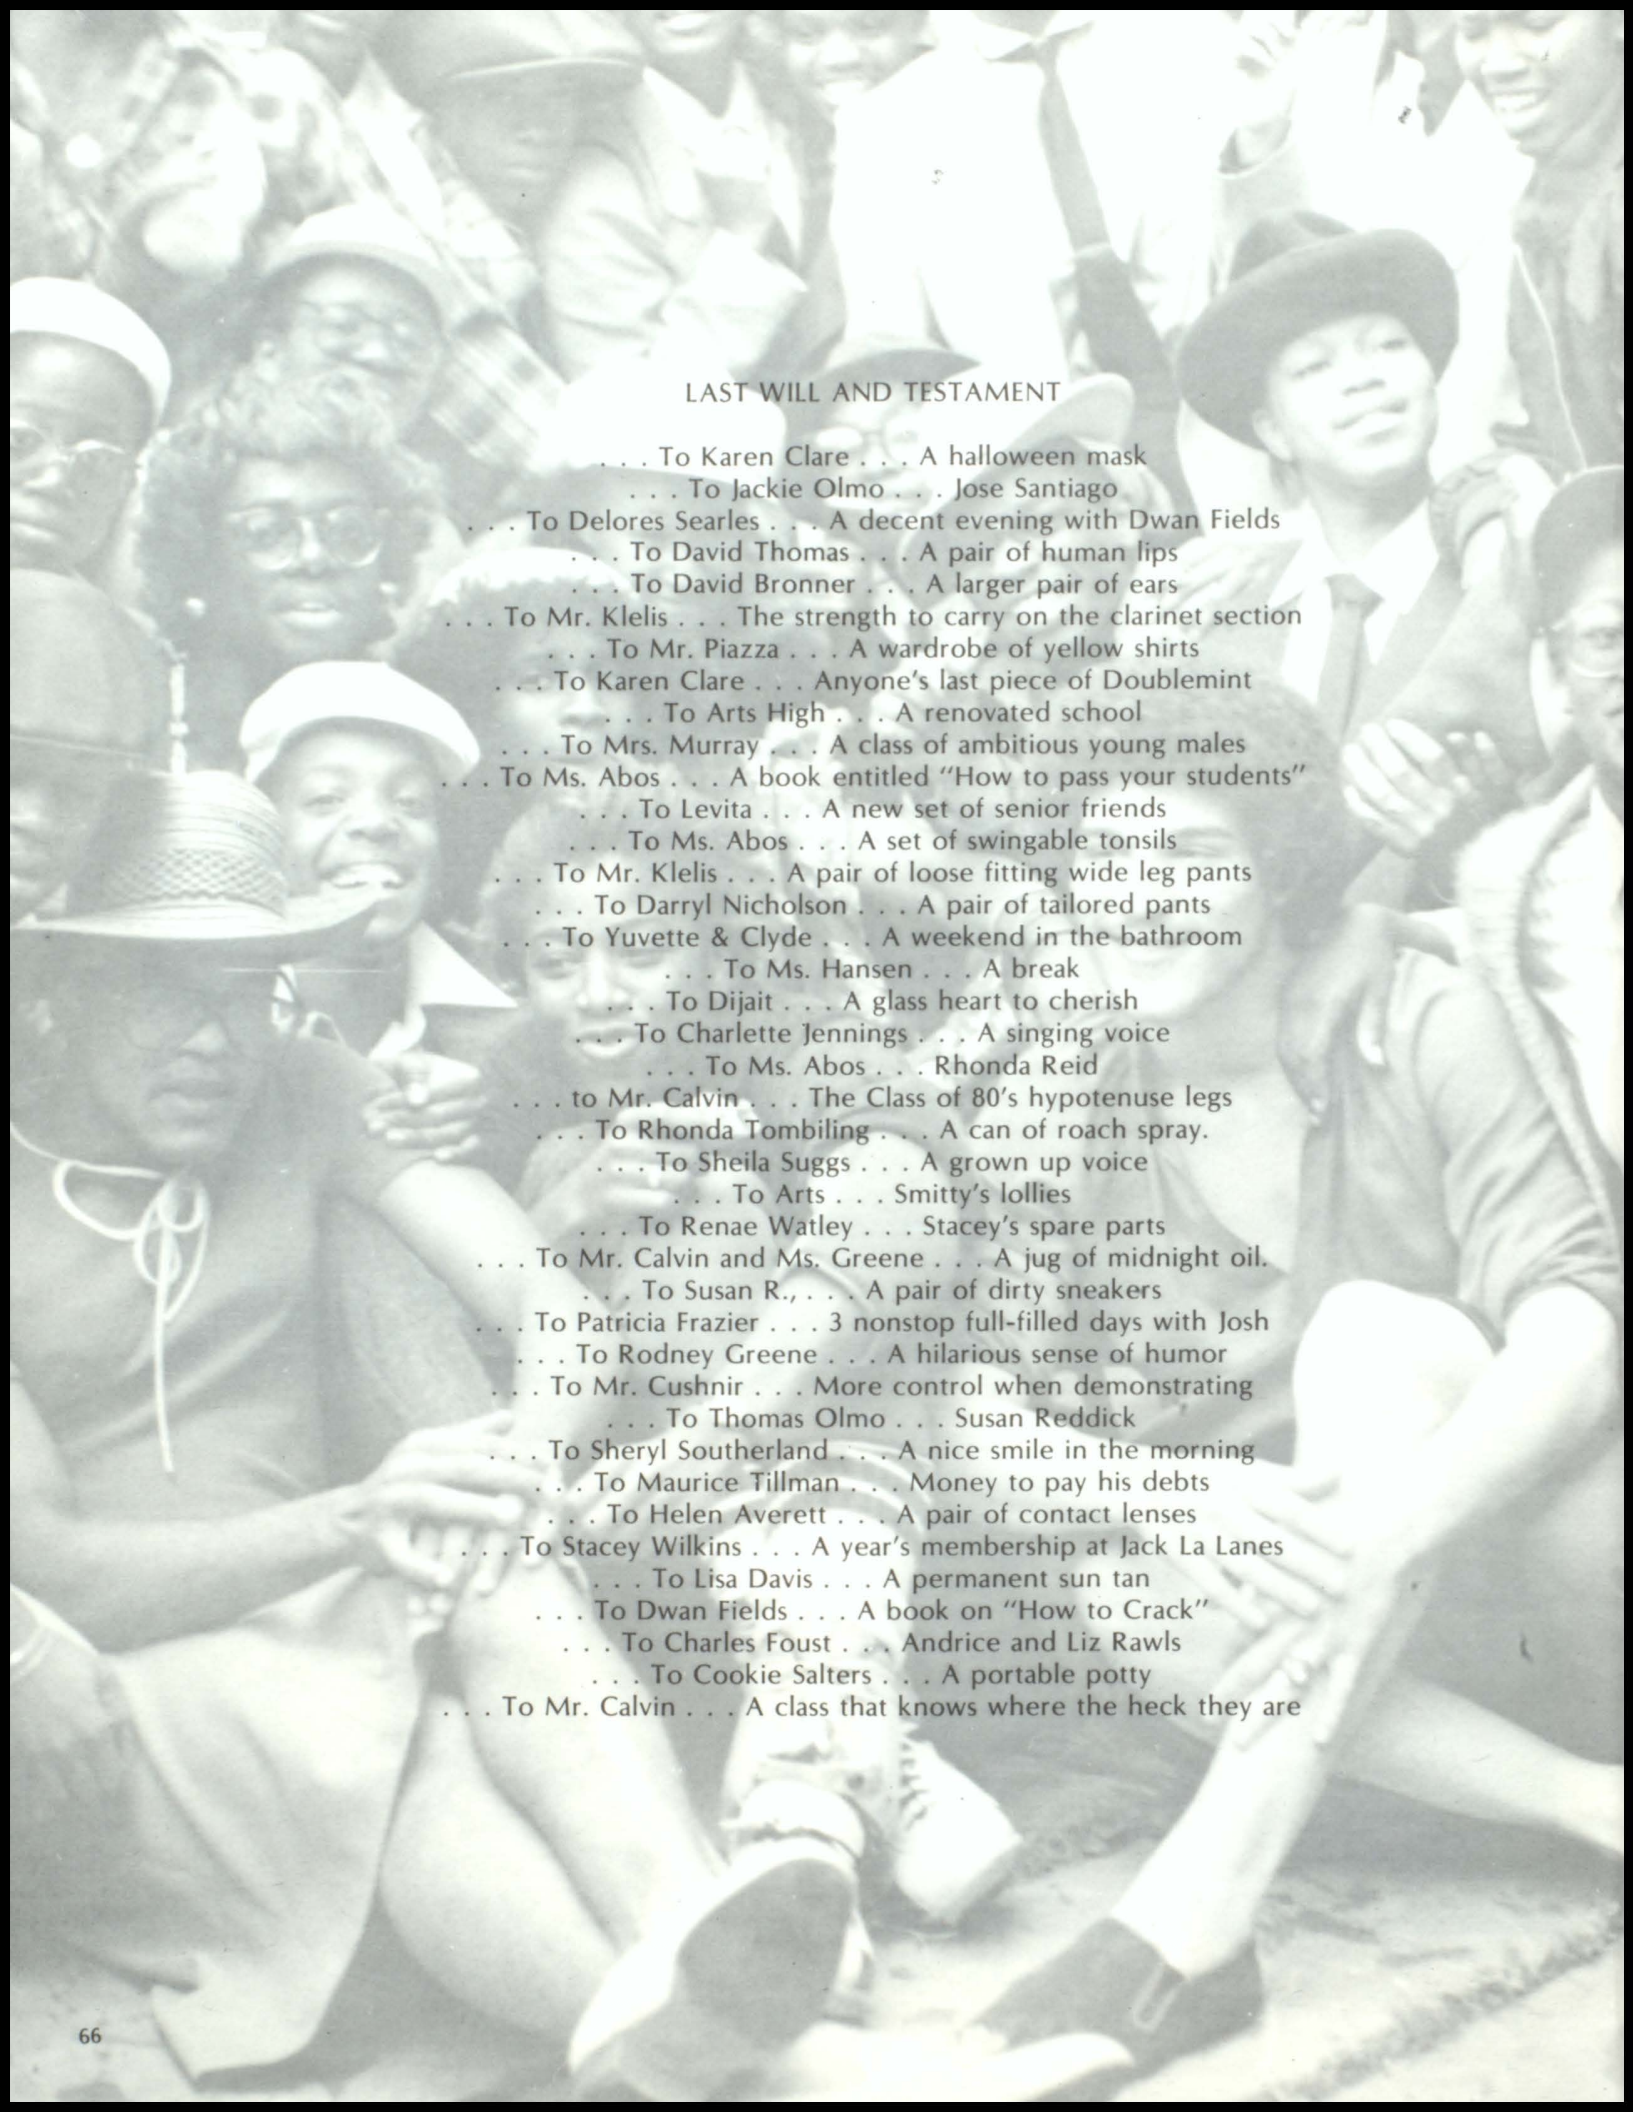

Hey, stop cheatin' off my paper!

Not hungry, just being polite.

Get out my way!

A student may be elected or selected, qualifying with a B average and good leadership qualities. The group has sponsored a walk-a-thon and charitable blood drives for the community.

Aspira helps Spanish speaking students.

Lab Assistants lend aid in demonstration
labs

The Aspira Club, which is being advised by Mrs. Abend, has an aim to help each other understand who they are, and to find out more about their cultural background. They are also there to try and help other Latinos who have personal and educational problems. They have taken trips for entertainment and for educational purposes.

The club is basically formed for Latinos, but anyone is welcomed who is interested in hispanic culture. Edgar Montalvo, Hector Santiago and Gloria Alvarado are the student leaders.

This group is comprised of students interested in going into science in the future and who may wish to become paid lab assistants in college.

Assisting in the maintenance of a running inventory of supplies and equipment is one activity performed. Others are setting up labs and cleaning up afterward; and aiding in demonstration labs that are either too difficult, too dangerous, or too expensive for the average student to handle.

This group meets before and after school for extra instruction.

Varsity Club honored at sports banquet

The Varsity Club is comprised of any athletes who have earned a varsity letter. These young athletes, advised by Mr. Larry Hazzard, are honored for their athletic accomplishments annually at a sports banquet.

Scope issued once a month

Arts High's Scope keeps the students as well as the faculty informed of events and special activities. These journalistic students issue a paper once a month which includes articles, games, comic strips and an editorial. The Scope was re-established by Renae Watley and Pamela Thomas during their freshman year 1976 - 1977. Now seniors, the two journalists turned over their positions as editors and manager to Irving Boykins and Juanita Thomas.

Drama Club informally learns about the theatre.

Members of the drama club informally learn about the art of drama. The activities consist of writing plays and poems, exercises, and going on trips. Many of its members feel that the drama club is whatever you make out of it. It is open to anyone interested, regardless of his/her major or experience. Next year, the club hopes to take in a large group of people and be a little more active.

"Cry Havoc" was an exciting theatrical event.

Drama students learn all aspects of theatre arts. Acting, speech, movement, publicity, and business requirements are some of these. Technical theatre, such as set design, construction, props, sound and lighting effects are studied also, along with the history and

literature of theatre.

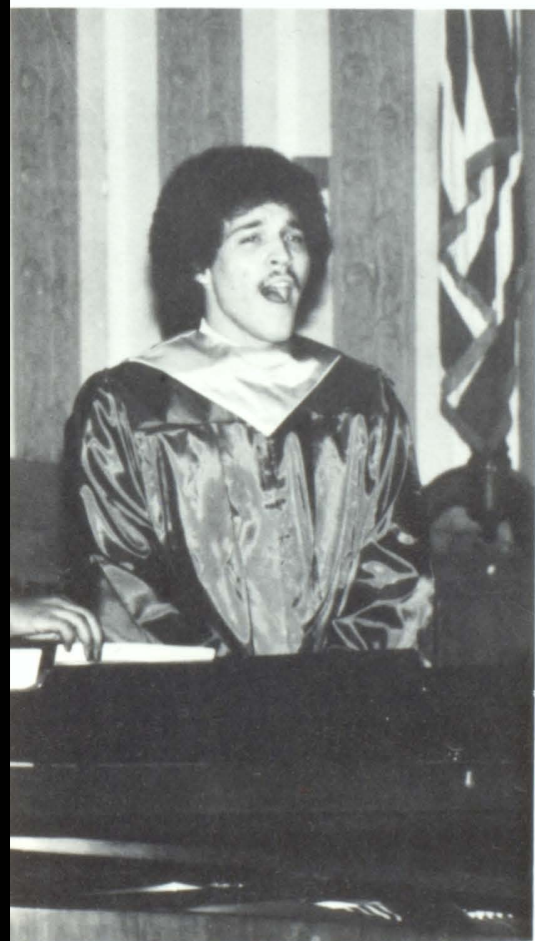

The three act play "Cry Havoc" was an exciting theatrical event. The second year female students were outstanding in a play reset during the Vietnam War. The photos on this page are from this performance.

Girls' Glee Club sings sweetly

Instrumental music reaches a new high standard.

Arts High's Instrumental Department is one of the most successful areas within the school. The department consists of Orchestra, Symphonic Wind Ensemble, Band/Jazz Laboratory, and Jazz Band.

The Orchestra is taught by Mr. Klelis. He instructs students how to play in a large ensemble. These persons will then go on to play in main concerts. Jenise Grice is the concert mistress.

Mr. Otis Brown heads the Symphonic Wind Ensemble, the Band/Jazz Laboratory, and the Jazz Band.

The Symphonic Wind Ensemble is made up of ninth through twelfth graders who perform for the Winter Fair, and winter and spring concerts. This group of talented young people has performed for Kiwanis' annual dinner wherein two of Arts High's music majors received scholarships.

The Band/Jazz Laboratory consists of freshman, sophomores, and juniors. They are trained in playing and performing techniques in order for them to go on to the Jazz Band, a more advanced group.

The Jazz Band gives students formal instruction in jazz techniques, elements of jazz,

and history of jazz. The band performs for Mayor Kenneth Gibson's annual twelve mile run and often competes throughout the state. Arts High's Jazz Ensemble was number three in the state last year and plans to be number one this year.

This Is Our World

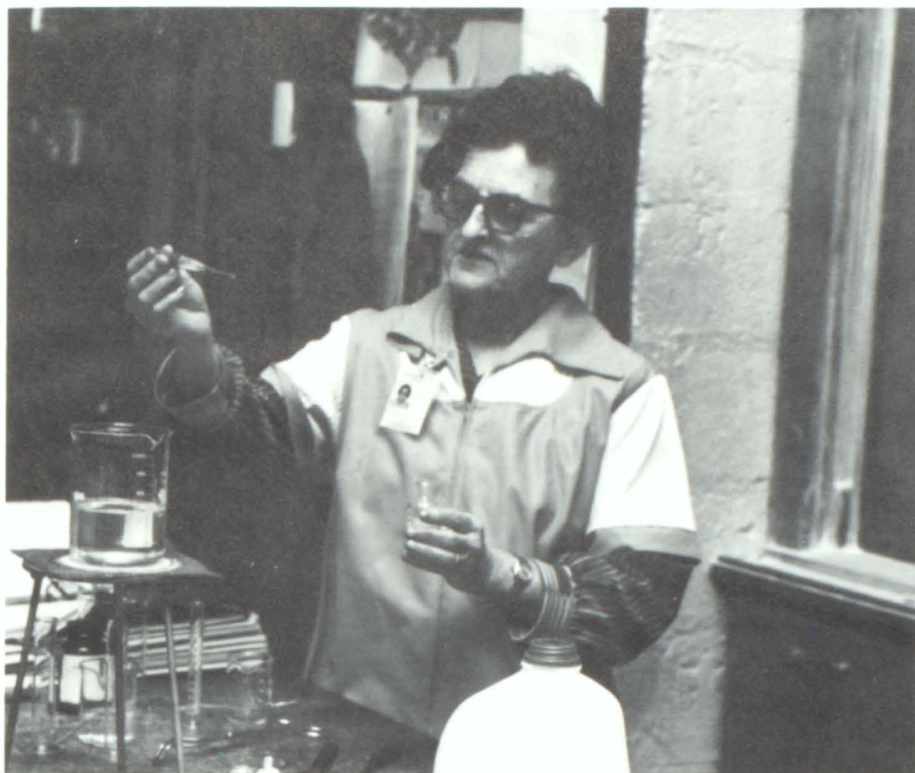

Running rivers, within our world
Washing the moment away
Whispering dreams of past and future
In tones of a freshening spring
Drinking times of laughs gone by
Splashing our goals that reach to the sky
Swimming the streams within our land
Letting our conscious mind expand
Until on the ground of a dream we stand.

Budding flowers within our world
Decorating the plain of space
Growing to show off future love
With every flowering face
Perfuming the stench of sorrows gone by
Coloring the sadness of tears, we cry
Build us a rainbow, shining so bright
A wonder rainbow, glowing with light
Build us togetherness with wisdom and might.

Shining stars within our world
Lighting the skies we see
Putting our every hope to life
To every dream that there might be
Whatever a sight that we may seek
Is shining so dim on light so weak
By tiny threads of star lit beams
A world with its flowers and streams
It's our world so full of dreams.

Mrs. Mary Venskus

Mrs. Mary A. Venskus is a chemistry and biology teacher here at Arts High School. She also extends her knowledge as advisor to the National Honor Society, Service Committee, Future Physicians Club, and Lab Assistants Club.

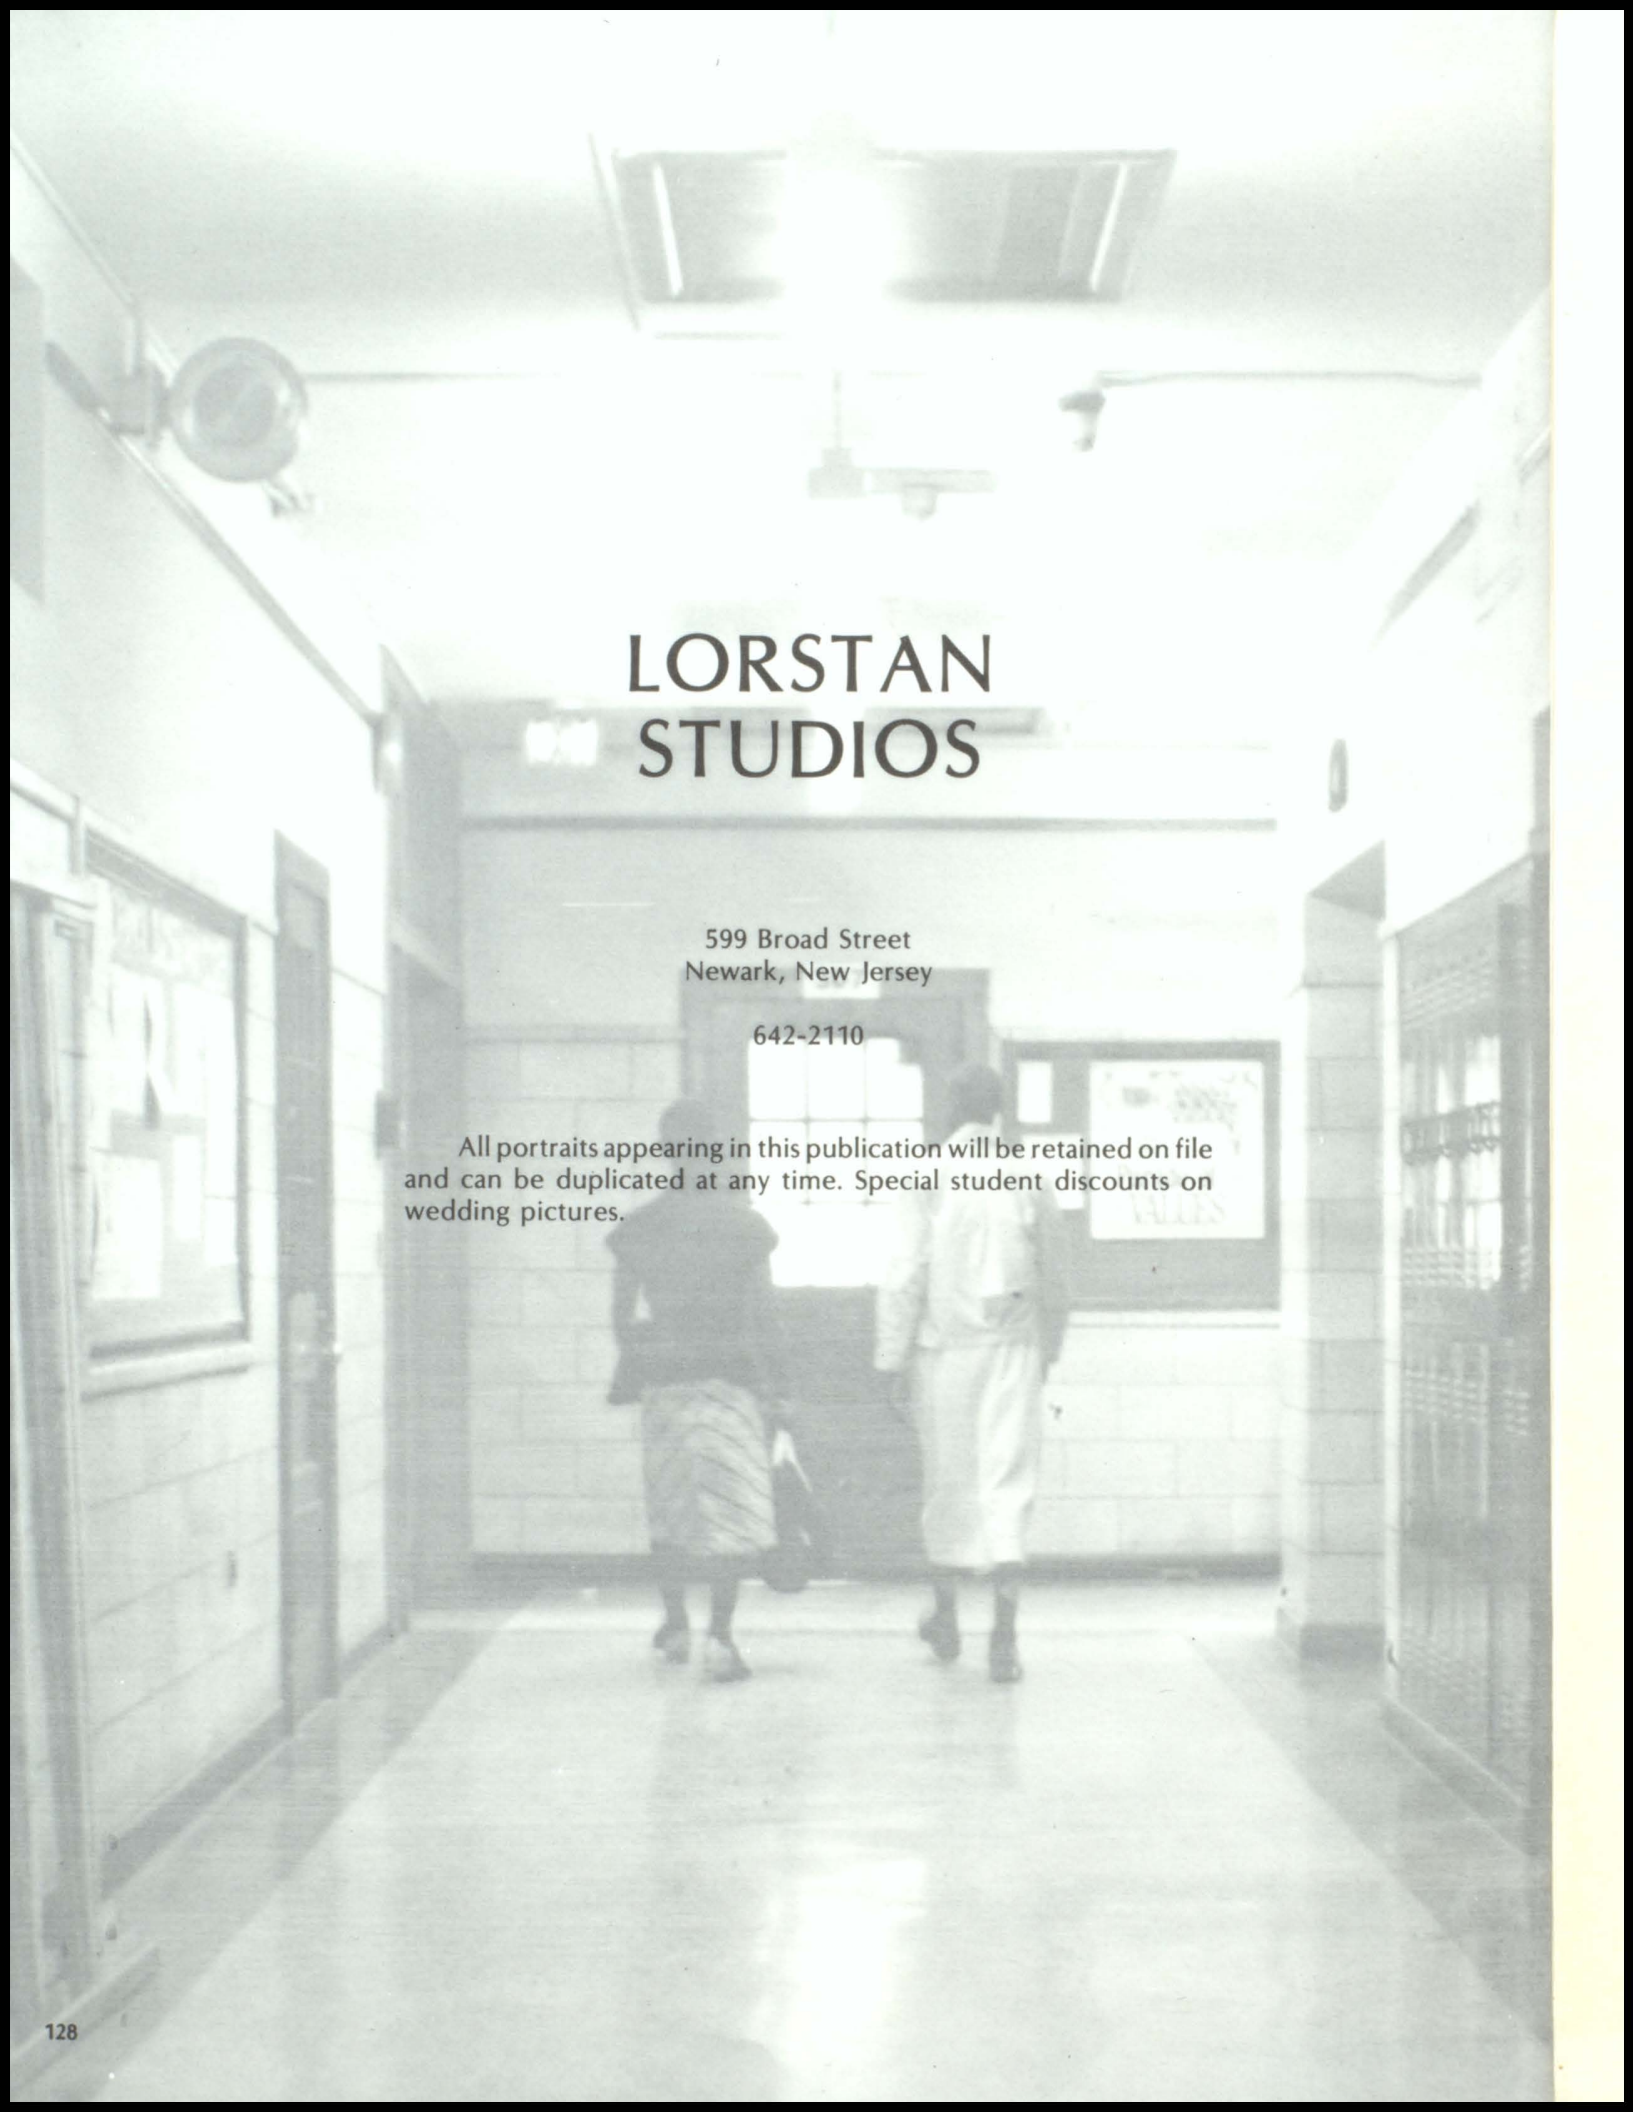

Through her years of teaching at Arts, Mrs. Venskus has become very close to the students. We feel that we have been lucky to have such an extra special teacher and we all love her very much.

The Class of 1980 appreciates Mrs. Venskus and will always remember her deep within our hearts.

Mrs. Mary Abend, the advisor of the Class of 1980, has been working hard to help us achieve our goals. She has stood by us through our toughest times and has often gone beyond normal standards to help us out. We would like to thank Mrs. Abend for her much appreciated and valuable assistance.

A black and white photograph of a school hallway. Two students are walking away from the camera towards a bright doorway at the end of the hall. The student on the left is wearing a dark top and a patterned skirt, carrying a bag. The student on the right is wearing a light-colored dress. The hallway has lockers on the right, a bulletin board on the left, and fluorescent lights on the ceiling.
